3) In late February 2021, I was not feeling well and had swelling in my left arm, face and neck. I called dialysis and spoke with Lisa (RN) and I told her I was going to the E.R. She asked which E.R. I told her St. Vincent Medical Center 2213 Cherry St. I arrived at St. Vincent @ 2000, their ultra sound tech was not available, after 01:30. So no ultra sound was done neither was blood work ordered by the E.R. doctor and an I.V. was inserted. By there not being NO Blood work done how would the E.R. doctor know that my Calcium was low, and gave me some calcium through the I.V. and sent me home. A couple days later I go to another Hospital (Flower Hospital) and their ultra sound wasn't available either but did blood work and it was confirmed a blood clot was present somewhere in my body.
